City of Chattanooga

During 2011, we experienced a slight decrease in overall crime as compared to previous years. However, we recognize that as the result of recent shootings and an increase in our homicide rate, the reported decrease in crime is not realized in our community. The violence hit very close to home when a member of our law enforcement family lost his own life defending the lives of others. The offender in that case was an escapee from another jurisdiction and had no business in our city. The Chattanooga Police Department was devastated by the loss of Sergeant Tim Chapin as were the citizen's of Chattanooga.

Moving forward, our mission is to make our residents and visitors safe and secure so they can go about their daily lives and business. In order to succeed in this goal, we have targeted what we have come to learn are our major problem areas. We have used our legal resources to put pressure on establishments that allow crime and disorder to go unchecked so long as the money is coming in. They will operate within the law or they will not operate in our city. We have also identified the specific, known criminals who have managed to commit the majority of our crime. One offender in particular was involved in two separate shootings at different locations in one day. All of our efforts are directed at legally removing these problems from our community. We have joined forces with the local Federal Law Enforcement Agencies, the District Attorney's Office, Probation and Parole, and many others in a joint effort to develop long term solutions to the problems we are experiencing. We are ready to hit the issue of crime, and the fear of crime, head on.

The City of Chattanooga is a great place to live, work, and play. The Chattanooga Police Department will work hard in 2012 to make sure this doesn't change.

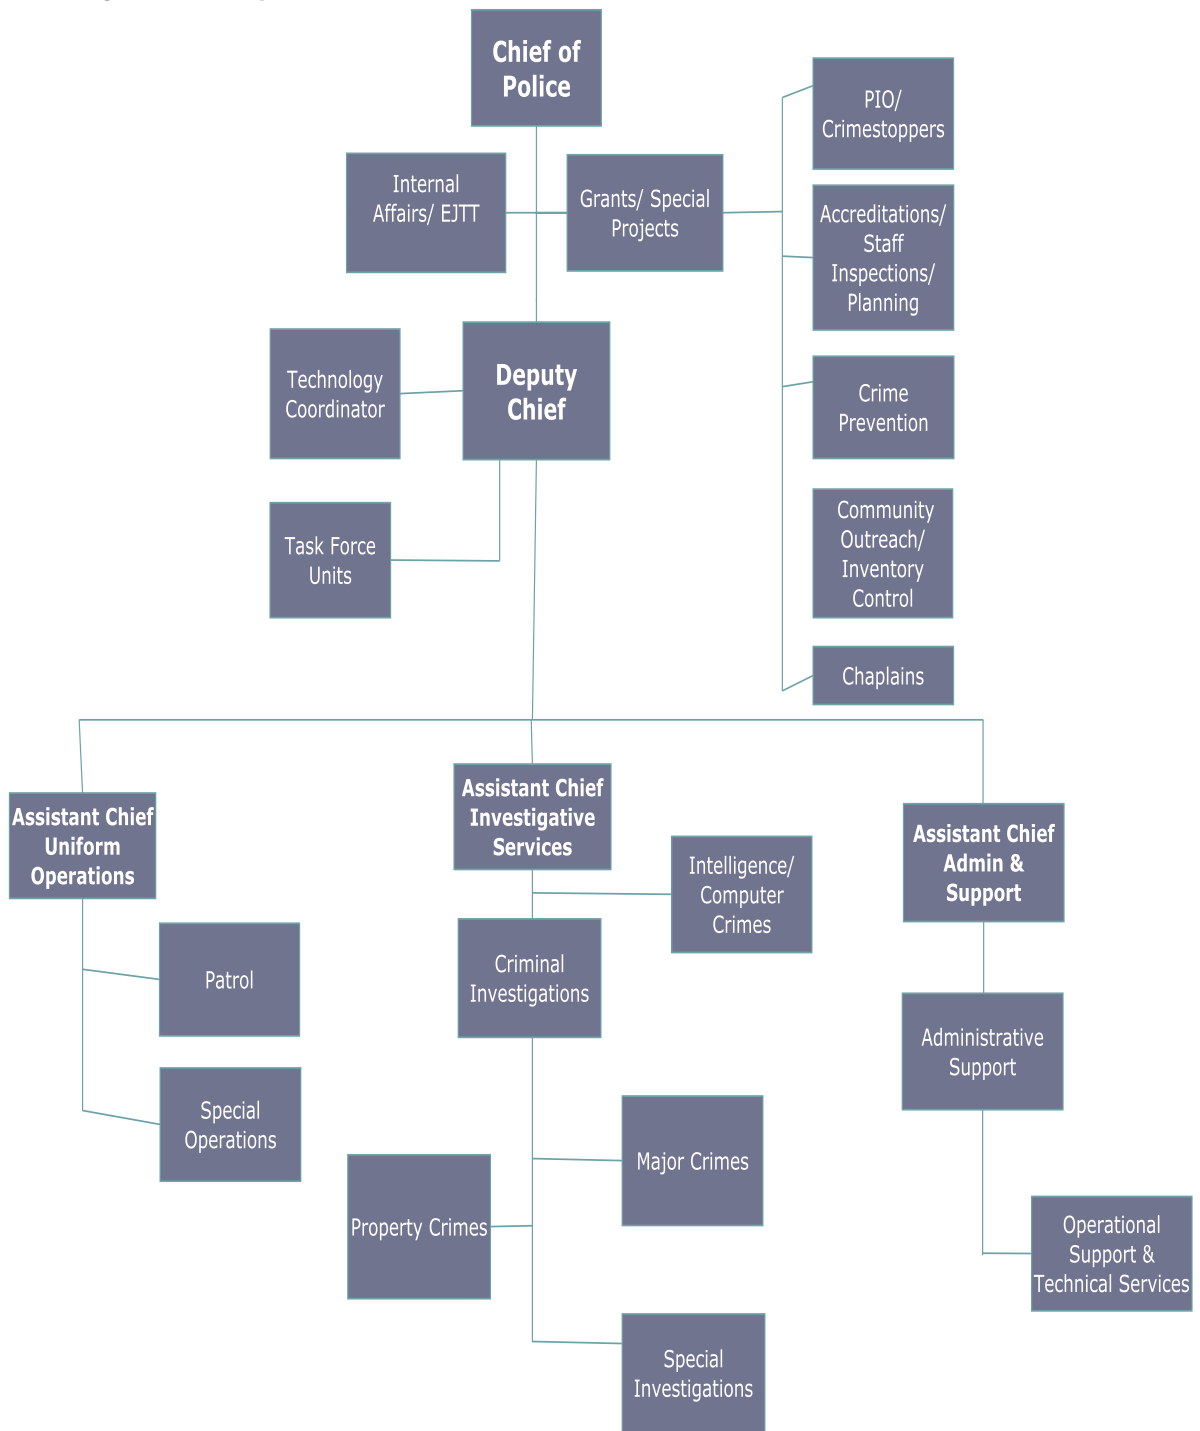

Sincerely,

Bobby H. Dodd

Command Staff

- Bobby H. Dodd – Chief of Police
- Tommy B. Kennedy – Assistant Chief, Uniformed Services
- J. Tim Carroll – Assistant Chief, Criminal Investigations
- Stan C. Maffett – Assistant Chief, Admin. Support Services

- Officers from the Crime Prevention Unit attended training events during the fiscal year including: Boy Scouts Youth Training, Sexual Harassment training, Gangs and Schools and Boy Scouts of America Leadership class. We attended the Citizens Police Academy Conference.
- Officers from the Crime Prevention Unit provided Crime Prevention Training to Police Academy cadets as well as citizens participating in the Citizens' Police Academy.
- The Crime Prevention Unit provided Child Fingerprinting and Identification to 339 children during community events including Home Depot Safety Day, Sears Safety Week

Event, New City Fellowship and River Bend.

- The Crime Prevention Unit assisted Neighborhood Services with 21 Code inspections.
- National Night Out 2011 had 28 neighborhood groups represented to celebrate this national event. The Crime Prevention Unit coordinated the events and provides a guide to city officials of participating neighborhoods. The kick off spot for 2011 National Night Out was the Ridgedale Neighborhood Assoc. in Fox Team.
- The Crime Prevention assisted the patrol division on two Nuisance Abatements.

Community Outreach:

- Overview Of Programs & Projects
- Citizens' Police Academy
 1. Held three citizens academies in 2011
 2. 41 people graduated from the citizens academy
 3. Attended National Citizens Police Academy Conference
- Citizens' Police Academy Alumni Association
 1. Membership for the CPAAA went from 36 people to 49 people
 2. There were 13 meetings held by the CPAAA board members
 3. There were 12 classes taught to CPAAA members
 4. CPAAA members put in over 1500 volunteer hours for the Chattanooga Police Department: Riverbend, pawn unit, filing, National Night Out and In-service
- Law Enforcement Week Activities coordinated with the Hamilton County Sheriff's Department
- Radio/T.V. Interviews Citizens police academy
- Begin work on a community outreach safety fair
- Worked with crime prevention on neighborhood meetings
- Delivered information booklets to the Hispanic health fair

Uniformed Services Command

Sector I Patrol 2011

Captain Jeff Francis

The purpose of this report is to identify the physical boundaries of, the crimes committed in, and the proactive approaches and responses to crime within Sector 1 throughout the 2011 calendar year. Sector one covers an area which is shared with the following Councilpersons; Pam Ladd, Deborah Scott, Sally Robinson, Andre McGary and Manuel Rico. We work closely with these councilpersons and their constituents.

Sector 1, answered 37.08% of the total calls for service in patrol, experienced a 5.09% reduction in crime compared to 2010, with violent crimes dropping 12.31% and property crimes dropping 4.22% . This overall reduction is attributed to a lot of very hard work by a dedicated and professional group of members of the Chattanooga Police Department. We continue to look for innovative ways to reduce crime throughout the Sector. Sector 1 has many great and positive things taking place each and every day. One of the greatest for this past year was the new LED lighting in Coolidge Park. This remarkable change was a cooperative effort between the City Council, Chattanooga Parks and Recreation, the Office of Sustainability, and the Chattanooga Police Department. The City is experiencing great benefits from a vibrant, exciting and growing Waterfront. Along with the Waterfront we host many special events such as Riverbend, July 4 Celebration, Marathons, Parades, Races, Conventions, National Night Out and Christmas on the River just to name a few.

Sector 1, which consists of 70 square miles and 5 districts, is divided up into three zones. Alpha Zone consists of 40 Square miles, divided up as follows: North Chattanooga, Riverview, Mountain Creek, Signal Mountain Road area, Hixson and Middle Valley. This Zone is commanded by Lieutenant Kim Noorbergen. Councilpersons for this area include Deborah Scott, Sally Robinson, and Pam Ladd.

Bravo Zone, which consists of 4 square miles and 4 districts, is marked by Coolidge Park, Renaissance Park, the North Shore, The Pier, The entire Waterfront, the downtown area, the Martin Luther King Blvd. area, the Main Street area, Lincoln Park, and the Westside community. Bravo Zone is one of the busiest and most populated zones in the City. It has many opportunities and challenges. As you will read deeper in this report Bravo Zone hosts many different events, organizations and conventions. You will also read about the diverse workforce that makes up Bravo Zone to include Bike Patrol, Police Service Technicians and other innovative methods to help make downtown a safer area. Bravo Zone is lead and commanded by Lieutenant Eric Tucker. Councilpersons for this area include Andrea McGary and Sally Robinson. Charlie Zone, which consists of 26 square miles and 4 districts, divided up as follows: South Chattanooga, St. Elmo, Alton Park, Tiftonia and Lookout Valley. This area is a great area to work and to live. Charlie Zone is lead and commanded by Lieutenant Corliss Cooper. Councilpersons for this area include Deborah Scott and Manual Rico. I'm am proud to work with each and every member of Sector One. They are the ones that make Sector 1 a very successful and safe place to work, live and visit.

Captain J. L. Francis #558
Sector # 1 Commander

ALPHA ZONE 2011

Lt. Kim Noorbergen

Geographical Make Up

Alpha Zone has five districts and covers 40 square miles. The boundaries expand north of the Chickamauga Dam to Highway 27/Thrasher Pike, west to Moccasin Bend Road and east to Big Ridge. On an average shift, there are five officers and one sergeant to cover all of this area. Larcenies, especially from cars, and burglaries continue to be an on-going issue, officers have worked with Property Crimes Unit on several occasions as part of surveillance teams in attempts to apprehend burglars, and they work with confidential sources in obtaining information and providing this information to Property Crimes in attempt to solve these crimes. The patrol officers attend community meetings and establish working relationships with residents in attempt to learn the neighborhoods the people who live there. Officers educate residents in crime patterns and what information is helpful in solving these crimes. The officers, when not fielding calls, patrol their districts constantly, attempting to maintain visibility within the community. As manpower allows, Officers are allowed to attend specialized trainings.

Alpha Team works closely with Councilpersons Pam Ladd, Sally Robinson, and Deborah Scott.

Crime Trends

Alpha Zone experienced a 10.38% decrease in reported crime and an increase of 6.3% calls for service in 2011 compared to 2010. Although there is a decrease in reported crime, Auto theft and larcenies continue to be a focus of Alpha Zone. These crimes are in part due to the retail shopping sites that have been established in the Hixson, North Chattanooga and Signal Mtn Rd area. A large number of the larcenies from vehicles occur on the parking lots of Northgate Mall and other shopping outlets. Police have worked with local media and Crime Stoppers in an effort to get citizens to lock their car doors and not leave visible items of value in sight. Alpha Zone officers have also made a joint effort with the Chattanooga Code Enforcement Officers, Land Development Offices and Neighborhood Services on condemning several houses in the North Chattanooga area which were being used for illegal activity, including drug sales fencing stolen property.

Continuing Education

Officers in Alpha Zone have also received specialized training in the below noted areas during 2009.

- Interview and Interrogation
- Bicycle Officer
- FTO (Field training Officer) Instruction
- Domestic Violence Training
- Leadership Schools
- DUI
- Street Survival Class

Statistics for Alpha Zone

	2010	2011	Percentage of Change
Homicides	2	0	-100.00%
Rapes	6	5	-16.67%
Robberies	58	37	-36.21%
Agg. Assaults	105	70	-33.33%
Burglaries	419	366	-12.65%
Larcenies	1,615	1,478	-8.48%
Auto Thefts	88	99	+12.50%
Overall crime rate percentage for 2011 when compared to 2010			-10.38

BRAVO ZONE 2011

Lt. Eric Tucker

Geographical Make Up

Bravo Zone, although only 4 square miles and having 4 districts, is one of the most challenging zones in the City of Chattanooga. It is a very diverse urban area and is the center of tourism, conventions, as well as many special events for the citizens of Chattanooga and Hamilton County. We are excited by our vibrant Riverfront and the renewal that has taken place over the last several years. We have seen improvements in the Southside of the zone that focus on urban living for young professionals and families. This growth in residential living has moved to the immediate waterfront with several new residents enjoying the Riverfront and all it has to offer. This year we have worked more closely with UTC Police in identifying problems and opening lines of communication with those areas unique to the crime issues they face especially as they expand into the E.8th and E. Martin Luther King Neighborhoods. The Central City is also focused on with the core business/financial district being the mainstay of the city. The officers of Bravo Zone worked diligently for a successful year in serving the citizens of Chattanooga in reducing crime and fear, which is the ultimate goal of our Zone. While we are pleased with our successes we strive to improve and look for innovative ways reach our goals.

Bravo Team works closely with Councilpersons Andrea McGary and Sally Robinson.

Crime Trends

Overall Bravo Zone continued a second year of crime reduction, from 2010 to 2011. For the year of 2011 overall crime was reduced by 3.85%. While pleased the trend is going down we continue to look for ways to combat the problem areas. Larceny, particularly larceny from autos, is an area to be improved upon. Bravo Zone officers have been proactive in identifying repeat offenders and communication between shifts when intel is gathered. The effort has paid off and recently repeat offender Corey Abernathy was arrested and charged with two counts of Burglary of an Auto thanks to good communication and investigative techniques. Violent crime is of great concern to the businesses and residents within the zone as well as the citizens of Hamilton County. Two consecutive years there has been a shooting at Coolidge Park which has sparked concern for citizens. Efforts to place officers in the area for extra patrol have paid off and few incidents have been reported since. Officers have also been concerned with the large numbers of juveniles roaming in the downtown area during the summertime. Efforts to address this were put in place after a large disorder occurring during the last night of the Riverbend Festival. As the City moves forward it will have to address the problem of unsupervised youth roaming the city during the night-time hours. With that said, overall violent crime was down this year in the zone by 16.88%.

The Chattanooga Night Life was a big factor in the total effort of Bravo Zone as a whole in dealing with juvenile fights and drunken disorders. As the result of continued problems, Mid Town Club had its beer license revoked and is currently in appeal in Chancery Court. Since being revoked they have made several security improvements and have raised the age of admittance to 25 years and up. Club 807 Fire and Ice eventually closed its doors after

Bravo Zone officers began to document violent, illegal acts and bringing them before the Beer Board. Club Fathom for years has been an issue and problem for large juvenile fights, assaults, and shootings. After the 2011 Christmas Day shootings, efforts were immediately launched to bring the owners before the Chancery Court Judge to declare it a nuisance. Going forward Bravo Zone will work with Regulatory Officers, and other branches of Government to maintain a well-run and safe nightlife.

Bike Patrol

Bike Patrol under the direction of Sergeant Doug Elliott is one of the busiest and most called upon divisions in the Chattanooga Police Department. The Bike Officers assisted with a number of events and requests for assistance from various departments and community events. Bike Patrol is assigned to every Saturation Operation put on by the Department as well as all major special events. They are one of the most important security components during the Riverbend Festival. During the 2011 Riverbend our bike officers were responsible for a number of key arrests and investigations deterring potential disruption of this community event. This year we hope to add to the Bike Patrol Unit as calls for patrol and incidents increase along the riverfront.

Continuing Education

In an effort to maintain quality trained Officers prepared to deal with the variety of issues in a given day efforts were made for Officers to receive training to benefit them in their careers and benefit the Chattanooga Police Department with a quality well trained force. Our Officers received the following:

- Fingerprint training
- Basic Traffic investigation School
- Basic Gang Investigation School
- Interview and Interrogation
- Crisis Intervention School
- Counter Terrorist Surveillance course
- Field Training Officer School
- Leadership Training
- Master Firearms instructor
- Meth Lab School
- First Line Supervision
- Gangs 101
- Map it Titan Training
- Domestic Violence Training

At the end of 2011 the following Officers Advanced in there career development:

Officer Todd Clay # 410
Officer Mike Taylor # 389
Officer Jeff Kirk # 972

Police Officer III
Police Officer III
Police Officer III

Officer Kendra Adams # 802
Officer Bobby Moses #869

Master Patrolman
Master Patrolman

Statistics for Bravo Zone

Auto Thefts	44	46	+4.55%
Overall crime rate percentage for 2011 when compared to 2010			-3.85%

CHARLIE ZONE 2011

Lt. Corliss Cooper

Geographical Make Up

Charlie Zone has the unique status of bordering Bravo Zone at its northern side and Fox Zone on its eastern side and the state of Georgia to the south. Charlie Zone also has two sections of the interstate running through it, Hwy I-27 and Hwy I-24 which carry tourists into the zone to visit several of the historic sites such as Ruby Falls, the Incline Railway, Rock City and Reflection Riding. The Lookout Valley area has grown with the addition of a Wal-Mart Super Center on Cummings Highway and the recent boom of hotels and motels. There is an ever increasing growth in the valley area with the Cummings Cove Subdivision which includes The Black Creek Golf Course. The officers of Charlie Zone take pride in the fact that Charlie Zone continues to have low crime statistics from year to year and strive to stay ahead of the criminal trends that are ever changing as the economic status of so many residents and businesses of Charlie Zone have changed. We will strive to stay ahead of the curve with training opportunities and use our best tools which are our neighborhood and business associations. It is the goal of Charlie Zone to ensure a safe and secure environment for all residents, businesses and visitors to our Zone and the City Of Chattanooga.

Crime Trends

Overall Charlie Zone experienced a 4.95% increase in crime. The sergeants and officers continue to develop action plans to combat the growth of burglaries that continue to increase within the zone. Officers increased field interviews, contacts with potential suspects, and becoming familiar with persons within the zone. Midnight shift has targeted specific areas of concerns for burglaries and made efforts to combat burglaries occurring during the shift and have made arrest in doing so. Charlie Zone area of greatest concern is still the increase in residential and commercial burglaries. The increase of businesses moving into the zone and the revitalization that continues to happen within the area provides more for the criminal element to benefit from. Officers have been placed on special detail to assist the department of Property Crimes in the apprehension suspects. A number of these burglaries were cleared by arrest. The zone also continues to experience business burglaries with copper being the main item targeted. When call load permits, officers are staging at possible copper theft locations during the times when the thefts are predicted to occur.

Continuing Education

Officers in Charlie Zone have also received specialized training in the below noted areas during 2011.

- Interview and Interrogation
- Domestic Violence
- Crisis Intervention Training
- Hostage Negotiation Training
- First Response To Terrorist Attacks
- Leadership Training

- Child Passenger Safety Seat Training
- Highway Interdiction Training
- Street Survival Class
- RCTA Basic Narcotics School
- Auto Theft Training
- Basic Gang School
- Elder Abuse SARAH Training
- Tactical Survival Pistol Course
- Meth Investigations
- Field Training Officer Training

Statistics for Charlie Zone

	2010	2011	Percentage of Change
Homicides	2	3	+50.00%
Rapes	3	6	+100.00%
Robberies	25	30	+20.00%
Agg. Assaults	102	122	+19.61%
Burglaries	209	231	+10.53%
Larcenies	665	653	-1.80%
Auto Thefts	86	101	+17.44%
Overall crime rate percentage for 2011 when compared to 2010			+4.95%

Sector II Patrol 2011

Captain Ken Neblette

Sector Two experienced a mixed result regarding Part 1 offenses for 2011. Homicides, aggravated assaults, and larcenies increased while rape, robbery, burglary and auto theft all showed a reduction as compared to 2010. Sector 2 once again had the lowest number of Part 1 Offenses reported of all three sectors in 2011 with 26.99% of all Part 1 offenses. Sector 2 officers answered 60,146 calls for service in 2011 which was 28.37% of the calls city wide, a 4.72% increase compared to 2010.

Echo Zone has continued with directed patrols in the problem areas utilizing the Echo patrol officers with assistance from specialized units such as the Crime Suppression Unit. During the first nine months of 2011, Echo Officers worked extra patrol duties on the East Side Weed and Seed overtime grant. The East Side Weed and Seed Grant was not renewed and ended in late September. While working with the East Side Weed and Seed Grant Lt. Cotter kept an ongoing list with detailed notes of all the problem areas in Echo Zone and updates the list regularly as complaints come in or when a problem have been successfully addressed and the location is no longer a problem. He has continued this practice and it seems to be effective even without the added manpower supplied by the grant overtime. The main problems in Echo Zone continue to be drug and gang activity.

Fox Zone continues to address the problem areas also with directed patrols and utilizing patrol officers on undercover assignments as manpower permits. The main problems in Fox Zone continue to be drug and gang activity along with prostitution. Our Vice Unit conducted several prostitution stings throughout the year in 2011 which helped tremendously with the prostitution problem in Fox Zone. Several prostitution stings were conducted in 2011, in addition to routine patrol, which resulted in a total of 94 arrests.

Sector Two continued their monthly CPIC (Citizen Police Interaction Committee) Meetings in 2011. These meetings were designed to create a closer working relationship between Police and the Community Groups. The meetings are well attended by representatives of the individual community groups in Sector 2 and have been very successful in addressing the problems the citizens are facing in their neighborhoods.

Both zone lieutenants have submitted reports of accomplishments and concerns from each zone for this report.

Capt. Ken Neblette
Sector 2 Commander

Echo Zone – 2011

Lt. Brian Cotter

Geographical Make Up

Echo Zone consists of four police districts. Its borders are Youngstown Rd. from Bonny Oaks Dr. to Lightfoot Mill Rd. on the North, N. Crest Rd. on the East, McCallie Av. on the South and the river on the West. The area is primarily residential with a mixture of mostly elderly home owners and low income renters. The area contains a large number of churches and individual communities such as Riverside, Galen Heights, East Chattanooga, Avondale, Churchville, Bushtown, Glenwood and Orchard Knob.

Crime Trends

Each of the eight neighborhoods mentioned above has an active Neighborhood Association. In recent years their number one concern has been drug dealing. Locations where drugs are sold (whether from a house or a street corner) have become gathering places for gang members and criminals of all sorts. During this past year the primary concern has shifted to gang related crime. While other crimes decreased in 2011, violent crimes have increased with the majority of the homicides being gang related.

In 2011 we continued successful procedures to rid neighborhoods of drug dealers and the blatant criminal behaviors which are directly linked to drugs. Most importantly, we have established positive relationships with the neighborhood groups. We have developed a partnership allowing citizens to feel comfortable reporting the dealers. Our primary source of intelligence is now through the community groups. To foster this partnership, we show an immediate response to all complaints. Any drug location reported is saturated with all available resources until the problem is eliminated. Our approach is to target the problem area as a team, including Narcotics Officers, Crime Suppression Officers, Patrol Officers, Code Enforcement Officers, Overtime Officers and surveillance cameras. This Team approach always involves all three shifts and is extremely effective in eliminating problems. This immediate multi-agency response gives our citizens a sense of empowerment upon seeing action taken in response to the information they share with us.

We keep a detailed list of our target locations, documenting complaints and what we have done to resolve them. I (Lt. Cotter) meet with the Neighborhood Presidents at least once per month to report back on our progress in eliminating the reported problems. I also serve on the Board for E. Chattanooga Improvement Inc. as well as serving on the E.C.I.I. Law Enforcement Committee. With the partnerships we have established with numerous citizen groups, Echo Team is working hard to continue the downward trend in overall crime. We are developing strategies to target gang crime which include, but are not limited to, incarceration of offenders

Statistics for Echo Zone

	2010	2011	Percentage of Change
Homicides	2	13	+550.00%
Rapes	13	5	-61.54%
Robberies	60	39	-35.00%
Agg. Assaults	177	244	+37.85%
Burglaries	430	354	-17.67%
Larcenies	594	612	+3.03%
Auto Thefts	118	109	-7.63%
Overall crime rate percentage for 2011 when compared to 2010			-1.29%

Fox Zone – 2011

Lt. Nealie Hogg, Jr.

Geographical Make Up

Fox Zone is comprised of five districts. On most occasions, our staffing level is adequate and this benefits the citizens in the community and officers covering their zones. Each shift is assigned two patrol sergeants and a lieutenant that oversee the operations on all three shifts. Fox Team offices are located at the Police Services Center at 3410 Amnicola Hwy. Geographic Boundaries consist of – South of McCallie Ave to Georgia state line expanding west from Central Ave to East of Missionary Ridge.

Crime Trends

In 2011, our Vice Unit arrested 94 people for prostitution or vice related offenses. The Narcotics Unit made 119 arrests and confiscated 14 guns. The statistics for 2011 compared to 2010 indicate our part one offenses were down, but with a 15.56% increase in overall crime.

Crime Analysis data shows that there was an increase of 10.80% in violent crime in Fox zone for 2011. All part one offenses show a decrease, except for aggravated assaults and larceny. Rapes were down by 25.00% and robberies are down by 16.15%. Overall, Fox Zone had a decrease in crime around 0.27% for 2011.

Fox Zone is committed to the prevention of crime and disorderly situations through the use of problem solving tactics. The resolutions are embedded in the community-oriented policing strategy emphasizing collaboration with other agencies as well as partnerships with advocacy groups and neighborhood associations. Fox team supervisors and officers have teamed up with the Citizen Police Interaction Committee (CPIC) in establishing a partnership to reduce criminal activity in their communities. The residents in these areas meet with officers every month to discuss crime and other concerns they may be experiencing in their neighborhoods. Supervisors and officers develop strategies to combat these concerns and provide the resident's with a follow-up report at the next schedule meeting. Fox Zone encompasses a large geographical area, which is a mixture of residential, and businesses.

There are several schools and recreations centers in Fox Zone. Through community interaction with group leaders, police are able to monitor closed businesses or homes when the homeowner is either out of town or when houses are vacant. There have been several calls made to the city 311 service in order to have the property owner board an abandoned house or clean the brush or trash around the house. Code enforcement is notified of any complaints concerning homes that may need upgrading or demolish. The officers in Fox Zone are encouraged to document any activity that he/she receives from complaints by the residents at the CPIC meetings. They are encouraged to be creative in combating complaints and having a strategy in resolving some of the problems in the zone. In 2011, there have been several officers placed on special assignments to try to curtail some of the drug complaints around the convenience stores and hotels. These complaints have somewhat dissipated once we started dealing with them by making arrests, surveillance and working with informants.

Statistics for Fox Zone

	2010	2011	Percentage of Change
Homicides	3	3	+0.00%
Rapes	8	6	-25.00%
Robberies	130	109	-16.15%
Agg. Assaults	183	241	+31.69%
Burglaries	522	407	-22.03%
Larcenies	857	948	+10.62%
Auto Thefts	165	159	-3.64%
Overall crime rate percentage for 2011 when compared to 2010			+0.27%

Sector III Patrol 2011

Captain Randy Dunn

Sector III has experienced a decrease in the number for homicides (-4), rapes (-8), robberies (-41), and auto thefts (-8) for the 2011 reporting period but saw an increase in larcenies (+90) and burglaries (+83), Aggravated Assaults were unchanged over last year with 250 reported each year. Sector III also worked 4,038 traffic accidents with 8 resulting in fatalities in 2011 (down from 4,700 accidents and 6 (+2) fatalities). George Zone worked 2508 with 5 fatalities and Delta Zone worked 1530 with 3 fatalities. For 2011 Sector III has recorded the highest total number of reported incidents (38.94%), With-in Sector III Delta Zone recorded the second highest reported incidents (17.43%) with George Zone being first on reported incidents (21.51%) city wide. Sector III covers one of the largest geographical areas with-in the City Limits of Chattanooga.

Delta Zone has continued with a program of directed patrols in 2011 during the holiday season from October through December of monitoring banks and business locations during hours of operation more closely. This increased patrol along with the increased manpower in 2011 over 2010 we feel has directly reduced the crime rate in Sector III in several areas this year. Sector III implemented a traffic initiative on Highway 153 in 2008 targeting excessive speed and aggressive drivers; this initiative has continued and 2011 ended with 3,462 citations being issued for traffic violations in that area alone. 2,131 citations were issued in 2010 in that area. Sector III ended the year with 12,554 moving citation verses 10,596 in 2010

Sector III started holding CPIC (Citizen Police Interaction Committee) Meetings in September of 2008 and continue to meet monthly on the second Thursday at 6:30 pm at the Shepherd Rec. Center. These meetings are designed to create a closer working relationship between Police and the Community Groups. The meetings have allowed for a free exchange of information between the police and the community. In 2011, at the suggestion of the community groups we began inviting other divisions within the Police Dept. and City Government to attend and give an overview of programs and answer questions. The CPIC program has allowed for a closer working relationship, several problems solved, ideas shared and a better understanding between the police and the community. This program has done more to help raise awareness and create a productive working relationship with the communities in Sector III than any I have seen in my four years as the Sector Commander. Sector III has implemented our Bike Patrol as manpower allowed in 2011 in several neighborhoods. We have been able to use them at special community functions and events also. I would again like to thank those community groups that raised money to purchase needed equipment for these Officers. With the use of Grants and the support from the community groups this program has been a great benefit to the citizens of Sector III. This program has met with great praise from the community and has been helpful in reducing thefts in the neighborhoods.

Sector III suffered the loss of Sergeant Tim Chapin on April the 2nd of 2011. Sergeant Chapin was murdered in the line duty by Jesse Mathews who was on early release in Colorado and had skipped out on his parole. Sergeant Chapin was one of Sector III's leaders and is greatly missed by all in the Chattanooga Police Department.

Capt. Randy W. Dunn
Sector 3 Commander

Delta Zone 2011

Lt. Davis Stone

Geographical Make Up

Delta Zone is comprised of four districts. Staffing levels fluctuate however under ideal circumstances a total of twenty-four patrol officers are assigned to the zone. Each shift is then allowed eight patrol officers. Each shift is assigned two patrol supervisors who hold the rank of Sergeant. There are a total of six sergeants assigned to Delta Zone. One patrol lieutenant is assigned to Delta Zone to oversee operations for all three shifts. Delta Zone offices are located at the Police Services Center, 3410 Amnicola Highway.

Crime Trends

Delta Zone encompasses a large geographical area which contains a large business corridor, residential neighborhoods, several schools, two recreation centers, the Chattanooga Metropolitan Airport, and one of the nation's busiest interstate highways. Delta Zone has one of the largest number of community groups in the City of Chattanooga. Several of the groups take part in the CPIC Meetings held monthly. The groups that are active enjoy a good working relationship with our officers who attend community meetings and establish lines of communication to expedite the process of information sharing between the various parties. It is through the relationships built between the police and the community that information is obtained regarding criminal activities in these various neighborhoods. This information is often supplemented by e-mails with community group leaders, office and cell phone calls, and use of the department's Watch List program.

Delta Zone monitors Watch List Requests by placing a copy of each request in the office for review by the district officer. The officer's then log activity taken for the various locations in his/her district. By utilizing this method several initiated arrests have been made at or around these areas of interest. This also increases our presence in neighborhoods that are facing unique problems and helps to create trust with those requested our assistance.

Continuing Education

- FBI Virtual Academy
- Crisis Intervention School
- Training Division-Roll-Call Training
- Bike Patrol
- Basic SWAT Operations
- Gang School
- Homicide Investigations
- Domestic Violence Investigations
- RCTA Meth Lab Recognition
- Fingerprint Class for Patrol Officers

Auto Thefts	154	134	-12.99%
Overall crime rate percentage for 2011 when compared to 2010			-3.32%

George Zone 2011

Lt. Tommy Woods

Geographical Make Up

George Zone consists of five individual districts and is the largest of all the other zones in area size. For the last three years George zone has grown in size due to several annexations on the north and east borders of the zone. With these recent additions George nine district has experienced the most growth in residential and business locations. Although the recently annexed areas have increased the number of residential and commercial areas to patrol, the officers have continued to work hard to maintain a low crime rate in the zone. The area is currently patrolled by six sergeants and 33 patrol officers. The zone is comprised of Highway 58, East Brainerd, and the Ooltewah area. Interstate 75 and Highway 153 are also included in the zone. The zone also has three PST officers who work as support to the patrol officers in the areas of traffic enforcement and car accidents

Crime trends:

Because of the recent annexations George zone officers have seen an increase in overall calls for service in the area. In 2010, the zone received **35,426** calls for service and the 2011 total is **38,063**, which is a 7.44 % increase. With this increase the overall crime rate only increased 7.65% this period compared to last year. The George zone officers made several significant arrests for robbery, burglary and narcotic offences last year. We conducted several proactive patrol measures and undercover burglary operations this year to deal with the increase in burglaries and property crimes. The officers also increased the drug arrests in the zone after noticing an increase in prescription drug trafficking on I-75. The highest crime statistic in George zone is the Larcenies. This is due to the large amount of retail stores in our zone. The retail stores attract thieves because of the merchandise inside and the vehicles parked outside. The new summit ball fields have resulted in an increase in traffic in George zone especially when they have their national ball games. The hotels and shopping areas become congested during this time and there is an increase in property crimes in these areas.

The zone experienced a 17.91% increase in burglaries last year. To deal with this problem we conducted several plain clothes details and used the surveillance vehicle to monitor the areas that were targeted. George zone Officers have successfully reduced the total violent crimes by 3.23% last year, and have continued to make numerous arrests of burglary and robbery suspects. We continue to have challenges when dealing with the prosecution of these cases in court and getting the proper sentencing of habitual criminals. Crime stats have remained low when compared to national averages, but we continue to strive for lower numbers. The Officers have also made numerous other property crimes arrests that have helped slow the activity of these crimes when the criminals remain incarcerated. The officers will continue to help our zone address the citizen's concerns by using the monthly crime statistics to gain information about problem areas and also by using the valuable information gained from the citizens in the communities that we serve. The overall crime trend in George zone did not have a significant change when compared to the 2010 numbers although there was a significant increase in population via annexation to our area.

Continuing Education

- RCTA----Securing terrorist
- RCTA----Leadership 101

Special Weapons and Tactics Team / Hostage

Negotiations Team 2011

Captain David Roddy

The S.W.A.T. and H.N.T. units continued providing support and assistance to incidents in Chattanooga and the surrounding community. Members were assigned to numerous events in 2011 including saturation details, local and federal warrant round-ups, and close protection details. Members of SWAT and Perimeter responded for search and rescue efforts after the tornadoes and aided in the rescue of an injured child in the Apison area as well as clearing and assisting in the medical rescue of numerous other citizens injured by the storms. Officers from S.W.A.T. also performed demonstrations for citizen programs including the Citizen's Police Academy and Leadership of Chattanooga. S.W.A.T. officers assisted various businesses with site security assessments of Volkswagen plant and numerous churches and schools, and other government institutions. S.W.A.T. and H.N.T. continued to be involved in community outreach programs by attending career days at area schools, local parades, Go-Fest 2011, Big Brothers/Big Sisters Tour and conducting several SWAT demonstrations and static displays of equipment with a special assignment for the visiting Wuxi China delegation. Members attended or taught numerous training courses throughout the year, including an extensive focus on operator breaching capabilities. These capabilities were increased not only through an increased training focus but by the acquisition of several types of mechanical breaching units with grant funding. Chattanooga S.W.A.T. officers attended training on advanced SWAT tactics, tactical breaching, response to a terrorist act, tactical commander's course, attendance at the Bill Roger's Shooting School, and completed all standard tactical training that is conducted during regular bi-weekly training sessions or full scale training exercises. Below is a compilation of the activations for the units for 2010:

Full Activation- Barricaded Gunman	3
Full Activation-Felony Fugitives	4
Full Activation-Hostage Situation	0
Partial Activation-Fugitive Apprehension	3
High Risk Warrants-Narcotics	5
High Risk Warrants-Felony Suspects	4
High Risk Warrants- Weapons	1

Traffic Division 2011

Lt. David Frye

The Traffic Division consists of 2 sergeants and 7 investigators assigned to investigate all major crashes and fatalities within the city limits. The Traffic Division also participated in numerous events sponsored by the Governor's Highway Safety Office including "Click It or Ticket", "Buckle Up In Your Truck" and "Hands across the Border". Additionally, the Traffic Division conducted funeral and dignitary escorts, sector crime sweeps, sobriety checkpoints and aggressive driving enforcement saturations throughout the year. Traffic Division received and began using Leica Laser Mapping equipment during fatal crash investigations. The Traffic Division was able to secure a 2nd place in the GHSO Chief Challenge. Traffic Division initiated an Aggressive Driving Enforcement program using two unmarked Ford 500 police vehicles. Traffic Division, in addition to enforcement, also assisted with educational programs at schools and community groups in driver safety; they also provided key input into the City's new Driver Education program. The DUI Unit continued its networking with MADD, Victim's Impact Panel, and National Night Out. Traffic Division manages and tracks all police departments' radar units for repair and re-certifications. The Traffic Division conducted Radar User certification training for every member of the Uniformed Patrol Division as well as training on the new TITAN electronic crash system. There was a decrease of fatal crashes in 2011 from 2010; 2011 ended with a total of nineteen fatal crashes. The Traffic Division as a whole submitted the following statistics for 2011.

Traffic Division Stats:

Totals 2011	Regular Traffic Call Investigations							Hit & Run Investigations					
	Acc Inv.	Citations		Arrests		DUI Arr.	Total Calls	F/U	Arrest	Cite	Unf	CLOP	Sus
		Mov	Non	Mis	Fel								
	460	6332	320	424	36	253	8041	201	1	17	0	72	10

Automated Photo Enforcement Unit:

Photo Enforcement consists of 4 officers and one sergeant. The objective of this program is to change driver behavior. The money generated is used to fund Drivers Education for Chattanooga City residents. Photo Enforcement assists Traffic Division with any special details such as funeral escorts and Riverbend. We have also covered districts when needed during manpower shortages and inclement weather.

Our Goal is to make the streets of the City of Chattanooga as safe as possible though proactive response and when necessary reactive.

Explosive Ordinance Disposal 2011

Captain David Woosley

Bomb Squad

During this calendar year, the bomb squad has responded to seventy-eight (78) calls for service, this is an increase from sixty-two (62) calls last year. The types of calls are as follows:

Explosive Recoveries - 28	Protection Detail – 1
Suspicious Packages – 18	Swat Support - 1
IEDs – 4	Training classes – 2
Bomb Threats – 14	Demo/Presentations - 7
Support/Searches – 3	

The types and amounts of recovered explosives are listed as follows:

1lb Commercial Boosters – 4lbs.	Smoke Grenades – 21
25mm Projectiles – 4	Gelatin Dynamite – 645 sticks
Civil War Artillery – 6	NG Dynamite – 64 sticks
75mm Artillery Shell – 1	Slurry Dynamite – 415 sticks
Various Ammunition – 488 rounds	IEDs – 2
Artillery Simulator – 3	Pipe Bombs – 5
Binary Explosive – 10	Primacord – 1000ft
Black Powder – 1lb	Trip Flares – 5
Blasting Caps – 5416	Flare – 1
Consumer Fireworks – 53lbs	C-4 – 1lb
CS Grenade – 1	Time Fuse – 30,000ft
Mark 11 Hand Grenade – 2	Land Mine – 1

The location of the calls varied greatly and is listed below, by team area and jurisdiction:

Inside the city	Outside of the city	
Alpha Team – 9	Hamilton Co., TN – 7	Pikeville, TN – 2
Bravo Team – 22	Soddy – Daisy - 1	Winchester, TN 1
Charlie Team – 3	Red Bank, TN - 1	Franklin CO, TN – 1
Delta Team – 1	Rhea Co., TN – 2	McMinn CO, TN – 5
Echo Team – 9	Collegedale, TN – 1	Whitwell, TN – 1
Fox Team – 3	Cleveland, TN – 1	
George Team – 5	S. Pittsburg, TN - 2	

Each of these incidents was conducted without injury or accident. The amount of explosives recovered, is an increase from last year and is of concern as disposal of such material is always an issue. We were successful in disposing a portion of the explosive material at the site of recovery, but this is not always the case and must be a consideration for long term planning if and when we lose the current range facilities. All of the certified techs have successfully completed the FBI Hazardous Devices School. This was done with grant money with no cost to

the department. Sgt. Tallant and Officer Brown re-certified in September 2011. Re-certifications were funded completely by the F.B.I. and were accomplished with no cost to the department. Officer Greg Chambers and Officer Chris Sims will come up for re-certification in September and October respectively this will be funded by the F.B.I. Officer Joe Carpenter was added to the squad as a support member in November 2011 and has started training and responding to calls with the squad.

Extensive training was conducted with surrounding agencies as well as with federal agencies, training provided to the NRC inspectors this past year with the contract between the City of Chattanooga and the NRC for the training to continue for five more years. The training partnership with the ATF has been of great assistance to the Squad and the interagency cooperation has yielded some excellent contacts as well as streamlined criminal investigations. RAC Darryl Hill, of the ATF, has proven a strong ally for our Department and his assistance cannot be overestimated. Officer Brown completed the re-certification course for ATF canine handler and has the ATF Explosive dog assigned to him. SABT Jim Bentley with the F.B.I. has also been of great assistance and ally providing assistance, training and has attended the squad's training on an average once a month, which is outstanding since he is based out of Knoxville, Tennessee.

A close working relationship has also developed with TSA Bomb Appraisal Officer (BAO), Anthony Leigh, at the Chattanooga Airport. He attends training with the squad and is helping to coordinate training for the squad at the airport. All bomb squad members have completed training for clearance and have been badge to have access to all areas of the airport. Work was completed to get the airport maintenance building (old #18 fire hall) for parking of the bomb squad truck; this has provide more efficient response to calls. Grant money has been sought and being used (100% funding with no matching funds) to purchase vital equipment to keep the Squad on the cutting edge of technology. Further grant programs are being pursued even as this report is being published.

Homeland Security 2011

Sgt. Al Tallant

The Buffer Zone Protection Plan (BZPP) grant program has been pursued heavily with resulting grants allowing purchase of a large amount of equipment. This money has been expended to update equipment for the SWAT Team, Crime Scene Unit, Patrol, Intelligence unit and the Bomb Squad. These funds are required to be spent according to the Approved Equipment List for each site. The BZPP grant for the gas company was completed and closed out in October 2011. The BZPP grant for TVA's SOC and the dam was received and purchases are being made, one of the purchases was the 28' Zodiac Police Response Boat.

Multiple site surveys including Government facilities, Critical Infrastructure and private industry have been conducted as well as the assistance provided to these agencies in developing comprehensive site safety plans. This is an ongoing operation to keep the information current.

The posted goals and objectives have been met with some success but they are ongoing and will continue to remain priorities to keep current. Grant expenditures have made the Bomb Squad and SWAT Team one of the best equipped in the state. This effort will continue.

Sgt. Tallant successfully completed in-service training with Tennessee Office of Homeland Security and continues to be Terrorism Liaison Officer for the Homeland Security District 3. He has also completed Intelligence training with Tennessee Homeland Security and grant training. Dan Gilley, Regional Advisor with Tennessee Homeland Security, has become a great ally and given assistance with Homeland Security Training. Sgt. Tallant has also completed the process for security clearances with the F.B.I. and United States Department of Homeland Security and attends the monthly JTTF meetings in Knoxville Tennessee. Sgt. Tallant has developed a close working relationship the F.B.I. and is on the board of the INFRAGARD Homeland Security workgroup.

Canine/K9 2011

Sgt. Tommy Meeks

The K9 Unit consists of 1 sergeant, 9 officers and 9 canines tasked with narcotics searches, explosive material sweeps, and area searches for specific felony suspects. These K9 teams are assigned to various shifts throughout the city in order to provide as much coverage and assistance for patrol as possible. All K9 teams performed and succeeded at the USPCA K9 Trials in 2011. The Chattanooga Police Department K-9 division hosted the annual USPCA Regional Trials this year and we have two officers that hold two positions (President and Trustee) on the USPCA Board (Meeks and Joiner). Officer Mike Joiner and K-9 Khan won the award of best overall dual k-9 team and Officer Atwell and Duggan also won the award for 1st and 2nd place narcotic detection; Officer Steve Brown traveled to Bristol, TN to assist Homeland Security in spring and fall of 2011. K9 held tryouts and selected one new Officer (Lucas Timmons). K-9 Officers answered 3,461 patrol calls with 351 of those being K9 usages. There were 111 K9 assisted arrests in 2011 with 65 initiated arrests. Bomb K9 conducted 79 bomb sweeps on call outs not including bomb sweeps at the Chattanooga Airport, bomb K-9's also assisted the airport with Homeland Security 31 drills called VIPER. K9 conducted 57 school searches at public schools and 5 at private schools as well as 40 K9 Demonstrations during the year. K9 swept a total of 3,770 vehicles last year between bomb and drug dogs.

Additionally the K9 Unit had the following finds and seizures:

- 218 lbs. 1oz and 1,647.3 Grams of Marijuana
- 3oz and 25.4 Grams of Cocaine
- 21oz and 50.8 Grams of Crack Cocaine
- 30.3 Grams of Meth and Ice
- 605 assorted pills (Ecstasy, Xanax and Hydrocodone Pills)
- 405 Moving citations
- \$3,620.00 currency seized
- 28 Guns
- 3,776 Vehicles Searches
- 56 Drug Paraphernalia Items recovered

Special Events Unit 2011

Sgt. Austin Garrett

The Special Events Unit is responsible for planning and coordinating all large scale events within the city of Chattanooga. These range from small gatherings to large scale events such as the 9 day Riverbend Festival with attendance of approximately 80,000 people per night.

The division is comprised of 1 captain, 1 lieutenant, 1 sergeant, and (1 officer currently vacant).

This unit is closely involved with every aspect of events to include the permit process, meeting and planning with event organizers, creating operations plans, traffic control, and working events. This unit works closely with other divisions within the Chattanooga Police Department as well as the Hamilton County Sheriff's Office, Tennessee Highway Patrol, Tennessee Valley Authority Police, Chattanooga Fire Department, Hamilton County Emergency Services, Hamilton County Rescue, and Volunteer State Water Rescue to ensure the safety of the public.

This unit also participates in "Table Top" drills / exercises relating to incident command along with other emergency services agencies in Hamilton County.

The Special Events Unit processed 120 event permits, assisted with 18 funeral escorts, submitted 33 event notifications, worked and prepared operations plans for 62 events, and participated in 4 table top exercise's, and attended 1 specialized school for response to terrorism.

The Special Events Unit:

- Processed 105 event permits
- Planned and assisted in 21 dignitary / funeral escorts with traffic division
- Worked and prepared operations plans for 71 events
- 1 "Table Top" exercise. 2 full scale emergency exercises
- Attended an 80 hour Motor Officer Operators Course
- Attended Southeastern Command and Leadership Academy at UTC

Police Service Technicians & School Patrol 2011

Sgt. Scott Fulgham

Police Services Technician 2

The Police Services Technician 2 (PST2), were consolidated from several zones and placed under the Special Operations Division in 2010.

The Police Services Technician 2 unit, consist of 1 Sergeant and 17 PST's.

The Police Services Technician 2 provides a supporting role for the Patrol Division. The PST's primary duties include parking enforcement. Additional duties include working traffic crashes, completing miscellaneous reports, including vandalism/property damage reports. Tow vehicles, write moving citations, provide traffic control and work special assignments including Riverbend and other major events throughout Chattanooga.

Month	Parking Citations	Moving Citations	Accidents Worked	Calls for Service	Special Assignment (Hours)
2011

School Patrol

The School Patrol unit consists of 1 sergeant, 1 full time and 2 part time civilian supervisor's, including 28 school patrol officers.

The school patrol officers are part time civilian employees and are assigned to the Special Operations Division. The unit's primary goal consists of providing a safe environment for children and adults as they transition to and from school on a daily basis. The unit also provides traffic control at Riverbend and other major events throughout Chattanooga.

Investigative Services Command

Criminal Investigations Division 2011

Captain David L. Woosley

Below are the reports for the individual units in the Criminal Investigations Division for 2011. CID is made up of Special Investigations, Major Crimes and Property Crimes. The Division is staffed by One Captain, Four Lieutenants, twelve Sergeants, seventy-four Investigators and seven civilians. The Criminal Investigations Division is charged with investigating Part I offenses and follow-up investigations that are long term and beyond the scope of the Patrol Division.

Community Meetings	116
Gang Database (Gang Members/Associates)	1,200+

Major Crimes 2011

Lt. Kirk Eidson

Chattanooga Police Department's Major Crimes Division is comprised of six investigative units supervised by one lieutenant and four sergeants. The unit was staffed with twenty-seven investigators, one senior secretary, and two civilian support employees in the year 2011. A year end statistical chart or description of duties attached for each investigative unit.

Homicide Unit

Nine investigators; supervised by one sergeant.

Unit responsibilities for long term criminal investigations including homicide, death investigations considered a medical examiner case, aggravated assaults where a victim is admitted to the hospital for more than twenty-three hour observation, all shooting incidents excluding robbery cases not considered life threatening, sexual assaults, kidnapping, and any investigation at the requests of the police administration or District Attorney's Office.

Adult Arrests: 52

Juvenile Arrest: 12

Felony Charges: 164

Interviews: 1,730

Search Warrants: 273

Homicides: 25

Cleared Homicides: 17

Open Homicides: 8

Family Investigations Unit

Five Investigators; supervised by one sergeant.

Family Investigations Unit Investigates Domestic Violence and Child Abuse Cases.

Domestic Violence Cases

Responsibilities in reference to domestic violence cases:

Unit responsibilities for criminal investigations where victims and offenders by definition are or were engaged in a relationship; and crimes investigated include serious aggravated domestic assaults, domestic stalking, violation of orders of protection, statutory rape domestic sexual assault, domestic vandalism, and referrals of elder abuse. Investigators also follow-up with patrol initiated domestic arrests to ensure victims of domestic assault are afforded rights entitled for safe housing, and to obtain an order of protection if they want one.

Follow-up Patrol Arrests: 92

Patrol Charges: 171

Investigators Arrests: 55

Investigators Charges: 58

Child Abuse Cases

Responsibilities in reference to child abuse cases:

Unit responsibilities for criminal investigations of crimes against children including child sex abuse, physical abuse, child neglect, assist homicide investigators with child homicide and death investigations, and all referral from the State of Tennessee Child Protective Services. Serious child abuse cases are investigated differently than adult in the prosecution phase; most cases are heard in the grand jury and indictments returned rather than children having to testify in court during preliminary hearings.

Adult Arrests: 65

Juvenile Arrests: 3

Adult Felony Charges: 54

Adult Misdemeanor Charges: 13

Juvenile and Missing Persons Unit

Four investigators supervised by one sergeant.

Unit responsibilities for criminal investigations where the offender is a juvenile or under the age of eighteen with the exception of homicide investigations; incidents that occur on school property after duty hours of a School Resource Office (SRO) or (incidents en route to and from school or a school bus stop). They are also assigned to investigate any adult or child missing person case including runaways. After the authorization by the Chief of Police, they are the first unit to initiate and monitor an “Amber Alert” on an endangered or kidnapped child.

Juvenile Misdemeanor Arrests: 60

Juvenile Felony Arrests: 4

Adult Misdemeanor Arrests: 2

Crime Scene Unit

Seven Investigators supervised by one sergeant.

Unit responsibilities to support criminal investigations by locating, documenting, collecting, photographing, and cataloging any potential piece of evidence recovered at a crime scene. They also process evidence and recover latent fingerprints on serious crimes against persons such as homicides and robberies. They transport all collected evidence to the evidence/property section and to and from the state crime lab.

AFIS Unit

Automated Fingerprint Identification System

Personnel: Two examiners and one civilian tenprint technician.

Unit responsibilities to support investigative units of the Chattanooga Police Department by examination of submitted fingerprint evidence or transfer of fingerprint evidence to appropriate laboratories. They utilize a direct connection to the Tennessee Bureau of Investigation's AFIS database to conduct searches, both latent and tenprint. They enter and retain all fingerprints from persons arrested at the jail in the AFIS database. The AFIS Unit has been instrumental in the identifications of unidentified deceased persons and persons in local hospitals incapacitated or unconscious without any identification.

AFIS Unit 2011 Year End Report

Tenprint records reviewed	10,830
Tenprint records expunged	238
CPD file mergers reported	67
Latent comparisons	37,646
Images searched in AFIS	372
AFIS hits	51
Identifications reported	207
Cases received	287
Cases reported	333
Training hours	130.5

PROPERTY CRIMES 2011

Lt. Bobby Rodgers

The Property Crimes Division conducts criminal investigations of armed robberies both commercial and personal, home invasions, commercial and personal burglaries, carjacking, felony thefts and cases or any case the Chief of Police deems necessary.

The Division consists of 1 Captain, 1 Lieutenant, 2 Sergeants, 1 Secretary and 14 Investigators split into 2 shifts. All division personnel with the exception of the secretary are sworn police officers. Individual investigators are thoroughly trained in cause, origin, collecting and preserving physical evidence and interviewing techniques. Investigators maintain local and national training standards for police departments. Additionally each investigator participates in continuing education courses throughout the year.

Upon determination of criminal offense, occurrence cases are assigned to Investigators by the Division Sergeants. Each case is assigned to a primary investigator with additional investigators assigned as needed ensuring accountability for each case. The assigned investigator, after screening the case for solvability factors, researches the case until all reasonable methods of investigation have been exhausted resulting in arrest or case suspension. A suspended case may be reactivated should new leads develop.

In 2011, the Property Crimes Division investigated 4,773 cases recovering property valued at \$297,600, emanating a 27% clearance rate which is above the 2010 national clearance rate of 12.5% burglaries, 26.8% robberies and 19.9% larceny-thefts as reported by the FBI (reports attached). In addition, the Property Crimes Division successfully conducted 19 sting operations. The Property Crimes Division proudly recognized seven Investigators receiving the Chief's Challenge Coin Award recognizing exemplary performance. In addition, the Division continued efforts to combat crimes against persons and businesses public education and service announcements.

The Property Crimes Division will continue to work closely with the private sector as well as other law enforcement agencies striving to reduce the above described felony crimes.

FRAUD DIVISION 2011

The Fraud Division performs secondary investigations relating to forgery, con games, credit card fraud, counterfeit checks, identity theft, and embezzlement, as well as any case the Chief of Police deems necessary.

Division Personnel is comprised of 1 Captain, 1 Lieutenant, 1 Sergeant, 2 investigators and 1 Secretary. Omitting the secretary, all assigned personnel are sworn police officers. Fraud Division investigators are highly skilled and trained in investigating the aforementioned activities. Throughout each year investigators engage in classes/courses of advancement and attend seminars in an effort to educate themselves on the latest trends and fraud crimes.

The Division Sergeant assigns cases for follow-up to an investigator.

The investigators review the crime report and conduct any follow-up inquiries of victims or others as appropriate for clarification/expansion of information. Investigators work closely with agencies such as U.S. Secret Service, FBI, U.S. Postal Inspector, TBI and other local/regional law enforcement officers. Fraud investigators also attend Financial Security Association meetings with local banking officials where there is a sharing of information about local crimes involving banks and credit unions.

During 2011, the Fraud Division investigated 1,496 cases.

The Fraud Division is commonly involved with public education and informational forums, community crime prevention and awareness presentations or similar speaking or information dissemination efforts to deter fraud crimes.

PAWN UNIT 2011

The Pawn Unit regulates all pawnshops inside the city limits; currently twelve (12) pawnshops are located within the City of Chattanooga. The Pawn Unit files approximately 4,500 pawn tickets weekly by date, pawnshop and sequential numbers. On a daily basis the Pawn Unit Sergeant reads every theft and burglary report submitted by the Patrol Division, averaging approximately 1,500 per month. Should a report reflect suspect information or items that can be researched through pawn tickets, the case is assigned to an investigator for follow-up. The unit has one (1) investigator who runs suspect names through all Chattanooga pawnshops as well as north Georgia and Hamilton County while also assisting multiple outside agencies nationwide. Documentation covers everything the suspect has pawned in the past six (6) months enabling the Pawn Unit to find other victims matching said pawned property. Additionally, Pawn Investigators research and attempt to locate stolen property at pawnshops by manually researching pawn tickets or through Visions Pawn Module. This is VERY tedious work and requires great patience. Every Field Interrogation form is read in an attempt to garner suspicious person's information and each person is run to view items he or she has pawned. The Pawn Unit is one of the many intelligence groups within the department dealing daily with multiple agencies. This unit the only full time Pawn Unit that investigates in this manner in a radius of one hundred and fifty (150) miles.

The Pawn Unit is composed of 1 Captain, 1 Lieutenant, 1 Secretary and 1 Investigator and 1 civilian analyst. The assigned employees with exception to the Secretary and analyst are sworn police officers. Throughout the year, individual investigators attend classes and seminars of continuing education as well as attend bi-monthly Intelligence Sharing Sessions through a joint meeting of numerous area law enforcement agencies.

During the year of 2011, this Unit investigated 1,734 cases; recovered property valued at \$132,172. Screened 11,592 reports and assisted with 86 outside law enforcement agency cases in efforts to combat crimes against people and businesses.

The Pawn Unit will continue to work in building a good working relationship with local pawnshops, scrap metal dealers along with law enforcement agencies at local, state and federal levels.

Administrative and Support Services Command

CPD Training Division 2011

Lt. Danna Vaughn

Training

The Chattanooga Police Department Training Division provides initial and continued training in all areas of police service. These areas include leadership, criminal investigations, traffic crash investigation, traffic law enforcement, community policing, criminal and traffic law at the municipal and state levels, emergency and non-emergency vehicle operations, firearms, CPR, first aid, blood-borne pathogens, computer operations, NIMS, use of force, officer safety, hazardous materials, suspect and witness interviewing, and physical fitness.

The training for sworn officers started with In - Service Training that consisted of 40 hours of classes. The classes taught for all sworn employees included:

Child Sexual Abuse	.5 hours
Domestic Violence	.5 hours
Police Response to the Mentally Ill	1 hour
NCIC Recertification	1 hour
Emergency Vehicle Operations	2 hours
Active Shooter Scenario	4 hours
Firearms Training and Inspection	8 hours
Defensive Tactics	2 hours
Legal Update	.5 hours
Pursuit Policy	.5 hours
Excited Delirium Update	1 hour
Internal Affairs	1 hour
Voluntary Fitness Assessment	4 hours
CPR Recertification	4 hours
Taser Update	1 hour
All Hazard Plan	.5 hour
Use of Force Update	.5 hour
Operational Security	1 hour
Handling Crime Scenes	2 hours
Downed Officer Rescue	2 hours
Police Response to Epilepsy	1 hour
Terrorism in America	1 hour
Property Crimes and Pawn Shops	1 hour
Crime Analysis and Map Reading	1 hour
Testing	1 hour

In - Service Training was conducted for 15 weeks from January 31st through May 20th, 2011. There was no In-Service training conducted March 21st through March 25th, 2011.

The Training Division began Academy 2010-1 on September 10, 2010 with 25 cadets. This Academy graduated 23 officers on January 20, 2011.

Another academy was started on Friday, January 28th, 2011 with 27 cadets. There were 20 cadets that graduated on June 9, 2011.

The basic academy consisted of 19 weeks and 728 hours each. Subject areas covered included:

Firearms	64 hours
First Aid	12 hours
Patrol Procedures	213 hours
Interpersonal Communications	34 hours
Professional & Ethical Conduct	8 hours
Physical Training & Defensive Tactics	148 hours
Criminal & Constitutional Law & Procedure	57 hours
Written Communication	28 hours
Human Relations	38 hours
Criminal Justice System	19 hours
Police Stress	14 hours
Emergency Vehicle Operation	42 hours

The hours scheduled for each subject area met or exceeded Tennessee P.O.S.T. requirements.

The Training Division presented several law enforcement- related training classes during the year. The classes presented were:

Crisis Intervention Training	20 sworn, 2 civilians
24-hour In-Service Training for Police Service Technicians and Teleserve	18 civilians
In-Service Training for Chattanooga City Park Rangers	6 civilians
Basic Fingerprint Development	25 sworn
S.W.A.T. Commanders' Training	12 sworn
Crisis Intervention Training	27 sworn, 3 civilians
Weapons Transition Class	9 sworn
Proactive Leadership Strategies	12 sworn
Basic Gang Class	61 sworn
Firearms Instructor Class	15 sworn

The Training Staff consists of 1 Lieutenant, 1 Sergeant, and 6 Patrolman and an administrative assistant. Three of these were new to the staff in 2011.

Members of the staff attended training throughout the year, implementing two different software packages: A.D.O.R.E. and PowerDMS. Two staff members attended Cooper Institute in April 2011. Instructor Stover attended Rogers' Shooting School. All members were assigned to Riverbend for nine days. Two members attended a Taser Update training in Nashville. Two attended the mandatory P.O.S.T. workshop. All but one attended the Annual Tennessee Law Enforcement Officers' Association Conference in Pigeon Forge, TN. Three attended S.A.R.A.H. training (elder abuse). One staff member graduated the FBI National Academy, Session 246.

FTO Program

- There are currently 62 FTOs and 12 FTO Sergeants.
- FTO meetings were held each month. There were 43 probationary officers trained in 2011, several were extended. With that, deficiencies have been identified within the program. Steps are being made to rectify that.

Police Officer Career Development

- There are over 100 applications that have been submitted for career advancement. Some of the applications are resubmissions to get to the next level.
- The committee met six times in 2011, trying to get on track with the policy.

Recruiting Unit 2011

Lt. Stan Allen

The Chattanooga Police Department Recruiting Division went through a personnel change this year adding Lt. Stan Allen as Recruiting Director. The division utilized the efforts of Officers Curtis Roth and Eddie Mansell for several months while they were on injury related duty.

The Recruiting Division participated in the following:

2011 Career Fairs

- ITT Technical College- February
- Chattanooga College (open forum)- February
- Chattanooga State- March
- Chattanooga School for Arts & Science- March
- Tyner High School- April
- ITT Technical College (Open forum) -April
- Chamber of Commerce- May
- River Bend Festival- June
- Chattanooga College – July
- Central High School- Nov

Physical Agility Testing

The Recruitment Unit assisted City Personnel with (3) physical agility test dates for applicants. Total participants yielded over (300)

Background Investigations Conducted

The Recruitment Unit processed and completed (102) case files this year in an attempt to create a larger pool of eligible applicants. Out of 102 case files: Disqualified /Withdrew cases: 50. Cases files that went to panel interview: 52

The Recruitment Unit along with the Training Division conducted (5) separate Panel Interviews, for applicants throughout the 2011 year. These interviews were used to allow the Training staff to take a better look at each individual applicant. The interview process was set up via face to face with a basic Q& A session structure. Out of the (52) applicants interviewed (30) were given a job offer. The start date for academy 2012-1 is January 13, 2012

CPD Safety Office 2011

Ms. Carol Sivley

IOD, FMLA, Maternity, Illness/Other leave:

- **OSHA Reports filed: 101** – 31.16% increase from 2010, 77.
- **BBP/Hazard Exposure: 11** – 31.25% decrease from 2010, 16.
- **FMLA requests: 5** – 66.67% increase from 2010, 3.
- **FMLA leave: 6**– 100% increase from 2010, 3.
- **Maternity light duty/leave: 1** – same as 2010, 1.
- **Grievances: 15** – same as 2010, 15.

Safety Equipment:

- **AED Assignment/training/software upgrade: 7** – 95.45% decrease from 2010, 154.
- **Fire Extinguishers refill/replace: 14** – 48.15% decrease from 2010, 27. Assigned as needed from Tire Shop.
- **First Aid Kits: 26** – 271.43% increase from 2010, 7. Majority of the kits in vehicles were purchased in 2007 and have a shelf life of 5 years.

Traffic Review Committee Meeting:

- **CPD Traffic Accidents: 14** – 79.10% decrease from 2010, 67.
- **CPD Vehicle Pursuit Traffic Accidents: 25** – 19.05% increase from 2010, 21.

Personnel Files:

- **Open Records Requests: 22** – 69.23% increase from 2010, 13.
- **Internal Records Requests: 48** – 380.00% increase from 2010, 10.
- **File Review: 12** – 9.09% increase from 2010, 11.

Grievance Annual Analysis:

For 2011 there were 15 grievances filed within the Police Department. This represents a decrease of 37.50% in the number filed from last fiscal year (Twenty-four filed in fiscal 2010.)

- 12 (86.66%) of the grievances filed were in regard to salary overlaps in the pay grade structure, all were denied pending action by the Personnel Office, Mayor's Office and the City Council.

- 2 (13.33%) of the grievances filed were in regard to Annual Evaluations, all were denied as non grievable.

There was a discernible pattern of grievance type or source in this year's grievances. Pay Grade Salary Overlaps resulted in Sworn Officers of a higher rank and/or more time on the job receiving a lower salary than newly promoted officers for the rank. This issue cannot be resolved within the CPD. Negotiations between the Police associations and City Government representatives are in process to resolve the issue.

Of the total of fifteen grievances, 15 (100.00%) were denied as non grievable through the departmental grievance procedure. The grievance policy and procedure remains an effective tool for resolving conflicts in the area of management/labor relations.

Regulatory Bureau 2011

Sgt. Mark Haskins

The Chattanooga Police Department Regulatory Bureau is tasked with regulating all establishments licensed to serve beer in the City of Chattanooga, all wrecker companies towing vehicles at Police request and Taxi companies operating in the City of Chattanooga. This involves not only ensuring that these businesses comply with the Chattanooga City Ordinances governing beer sales or wrecker codes, but also the application process to apply to sell beer or tow vehicles at Police request.

Violations of the Beer Codes observed by Regulatory Bureau Officers may result in the business being cited to the Chattanooga Beer board for possible fines, suspension or even revocation of the Beer license. Reports of violations are also forwarded to the Supervisor of the unit for review to determine if this is a valid violation and what City Ordinance to cite the business for violating.

Violations of the Wrecker Codes may result in the Towing Company being cited for a violation, losing turns on the City wrecker rotation list, suspension or revocation of the license.

The Regulatory Bureau continually responds to inquiries from Patrol Division, civilians and other law enforcement agencies regarding general information and complaints about area businesses licensed to sell beer and liquor and vehicle towing companies licensed to tow vehicles at Police Department request.

Regulatory Bureau personnel conducted Alcohol Sales Compliance checks during the year to determine whether businesses were complying with state and local laws.

Regulatory Bureau Personnel assisted with Crime Suppression efforts primarily by accompanying Chattanooga Fire Department officials on checks of businesses licensed to sell beer for fire and occupancy code violations.

Regulatory Bureau personnel attended the Governor's Highway Safety "Hands Across the Border Event" in May.

Regulatory Bureau personnel attended City Council subcommittee meetings with City Councilperson Deborah Scott regarding changes to the Chattanooga Beer Codes.

Regulatory Bureau personnel assisted Chattanooga Police Department Vice Unit officers with serving search warrants at area bars, assisted Tennessee Alcoholic Beverage agents with bar checks, compliance checks, inventory counts and with inquiries regarding establishments licensed to sell beer.

This illustrated the importance of having a unit versed in the Chattanooga Beer Codes for internal units and external law enforcement agencies to consult.

The Regulatory bureau regularly works with and assists non law enforcement agencies such as Mothers Against Drunk Driving, the Hamilton County Coalition Against Drug Use (Weed and Seed), the Advisory Council For Traffic Safety, Tennessee Department of Transportation, Riverbend festival security and others.

The Regulatory Bureau continues to not only regulate businesses licensed to sell beer in the City of Chattanooga but enforces ordinances to increase public safety by combating underage drinking, over serving of patrons , disorderly bars and other life threatening illegal issues as well as quality of life issues.

TOTALS FOR MAJOR ACTIVITIES OF REGULATORY BUREAU 2011

Number of businesses checked during Alcohol Sales Compliance checks	35
Number of businesses cited for underage sales during compliance checks	12
Number of underage persons cited/arrested for Underage Drinking during Bar/license checks	3
Total income from Taxi, Wrecker and Beer license fees	\$38,280.00
Number of Beer Code violations presented before the Beer Board	35
Amount assessed by Beer Board due to citation by Regulatory Bureau	Zero
Number of licenses approved by Beer/Wrecker Board	116

Technology 2011

Sgt. Charles Brown

The Technology Division has improved and grown in the last year with more improvements and accomplishments than before:

Training & Staffing

- A full time Technology assistant was added
- Department training on several software updates

Technology & Equipment Advances

- Purchased 74 Panasonic laptops for patrol officers
- Transitioned from 3G to 4G air cards
- Purchased Power DMS software in a move to become paperless internally
- Purchased 196 Panasonic in-car video camera systems
- Retrofitted all current patrol laptops (305)
- Upgraded Administrative conference room with video monitoring, video conferencing, and display monitors
- Upgraded Community room with display monitors
- Upgraded investigators with smartphone technology
- Installed and trained on Jail phone access software
- Video forensics software and hardware purchase
- The purchase of a new Police Service Center security camera system
- Began pilot testing of electronic paperless citations
- Purchased a Leica Laser scanning system which enables CPD investigators to reproduce crime scenes in 3D

Terminal Agency Coordinator 2011

Ms. Shirley Varner

- Completed BASIC NCIC QUERY Recertification during In-Service 430
- Copies of test booklet made 430
- Criminal Histories ran during In-Service, Ride along program, Recruiting, Recertification for civilians, and Property Crimes, and Academy 497
- NCIC certified cadets in Police Academy 22
- Logged all transactions on Log for audit purposes for FBI and TBI
- Completed all paperwork for In-Service and also Academy class and sent to TBI
- Requests sent to TBI for Off Line Searches 17
- Completed 128 changes in Telemaster including new phone requests and transferring phone numbers
- Assisted in processing equipment for computers (air cards) unpacked, put cell no. on box packed up. Entered all information including phone number, account information, ESN, and type of air card in Telemaster and also on a spreadsheet for Technology use—375 total
- Attended TBI conferences twice during the year
- Received and completed all NCIC Hot File and MCOT Validations throughout the year validation is done accordingly—Guns 136, License Plates—362, Stolen Vehicles and Boats—327, MCOT-- 55, Missing Persons—45, the validation process is monthly
- Trained with new A/TAC 42 hrs.
- Contact TBI several times throughout the year concerning requests, questions about validations, and problems with TIESNET
- Contacted I.S. for several weeks on a daily basis with concerns about Eagent (NCIC entry software) being down and did testing for days for I.S. when changes was made to the connection to Eagent
- Update Misc. field in NCIC Missing Person File to reflect as much information as possible
- Contact support at Eagent when I have a problem or question

**This concludes our report for the Chattanooga Police Department for Calendar Year 2011.
It is submitted for your information and review.**
